ORDER:

General instructions have not so far been issued from this Department specifying either the period upto which an officer of the C.S. Department should be retained in a place or the Period within which he should not be transferred from one station to another. However with reference to instructions received from the Government of India, the Board of Revenue (C.S.) issued certain instructions in 1947 to the effect that the Rationing staff in the City and the districts should be transferred periodically from the one station to another, and from one circle to another, where more than one circle exists, so that no one remains in the same post for more than six months or at the most one year. The Government now direct that the general rule that should not ordinarily be transferred from one station to another within a period of 3 years, from the date of joining the station, except when a departure from this rule is considered necessary in the interests of Public Service should also apply to the Civil Supplies Department. If, in any case, an officer is so transferred the authority ordering such transfer, should record in writing the reasons for departing from this rule.

2. The Board of Revenue (C.S.) is requested to issue necessary instructions accordingly to all concerned and see that the instructions now issued are followed scrupulously.
